Dear Parents/Guardians,

Red Heat Health Alert - Early Closure Tomorrow

As you will be aware, a Red Heat Health Alert has been issued for tomorrow. Having reviewed the forecast and considered the likely conditions during the school day, we have taken the decision to close school early at **12.30pm tomorrow**.

School will open as normal in the morning, and students should arrive at the usual time. Registration and morning lessons will take place as planned with a 'brunch style' food service. The earlier finish is a precautionary measure to help keep students and staff safe and comfortable during the hottest part of the day.

Students may continue to come to school in their PE kit.

We understand that an earlier finish may be difficult for some families. If you are unable to arrange collection or for your child to return home at **12.30pm**, please contact the school as soon as possible. Supervised provision will be available for students who need to remain on site until the usual end of the school day.

Please ensure that your child brings a refillable water bottle to school tomorrow. We would also ask families to remind their child to travel straight home after dismissal unless you have made other arrangements.

We will continue to monitor the situation and will update you if any further changes are needed for the rest of the week.

Thank you for your understanding and support.

Kind regards

Hurstmere School
